ResNet Home

Wireless in Residential Halls

What is ResNet?

ResNet is the wireless services provided to Chico State's residence halls. The names of the networks are csuchico and eduroam and are broadcast throughout all of the residence halls. Students can use ResNet to do coursework, research, play games, access media, and connect with friends and family.

Need Help?

Check the ResNet FAQ on the left menu for answers to the most common questions about the residential wireless network. Additional technical support for ResNet is provided by IT Support Services in Meriam Library 142 and during the ResNet Fair.

ITSS can also be contacted via the following:
